

**EARLY COLLEGE/DUAL ENROLLMENT FORM
NORTHWEST FLORIDA STATE COLLEGE
WALTON PUBLIC SCHOOL STUDENT**

Term: _____
Year: _____

Northwest Florida State College's Dual Enrollment program provides the opportunity for qualified high school students from Walton County, who meet the eligibility criteria specified in their district's governing articulation agreement, to enroll in college courses while simultaneously enrolled in a Walton County public high school. Students receive both high school and college credit for these courses. Dual Enrollment students are exempt from tuition, matriculation, student access card fee and laboratory fees, and textbooks are provided by the district. Students who lose a textbook will have to repay the District for the textbook.

County of Residency <input type="checkbox"/> Okaloosa <input type="checkbox"/> Walton <input type="checkbox"/> Other (Specify):			

ELIGIBILITY REQUIREMENTS: Students must:

- Have a cumulative high school **unweighted** grade point average (GPA) of 3.0, or the recommendation of the principal and the approval of the college if the GPA is less than 3.0.
 - Exceptional students in grades 6-12 may be granted a waiver to participate only if the following conditions are met:
 - The student and parents/guardians conference with the high school guidance counselor and sign a statement that they understand the difficulty level of college courses and the possible repercussions of creating a college transcript.
 - NWFSC approves the student for dual enrollment classes.
- Pass the appropriate subtest of a State approved college placement test (ACT, SAT, PERT) if enrolling in a college English, Math, Reading, Gordon Rule Social Science or Humanities course, or any course which requires English, Math, or Reading prerequisites. Appropriate placement scores will be required.
 - Students who have not passed all areas of the State approved college placement Test (ACT, SAT, PERT) by the time they have accumulated 12 college credits will not be able to enroll in additional dual enrollment courses until all areas of the test are passed. Exceptions to the 12 college credit hour limitation may be granted by the college provided that the dual enrollment student is concurrently enrolled in a high school class in each basic competency area for which the student has been deemed deficient.
 - In addition, students who have accumulated 12 or more college credits and have not demonstrated proficiency in the basic competency areas must be advised in writing by the District of the requirements for the associate degree completion and state university admissions, including information about future financial aid eligibility and the potential costs of accumulating excessive college credit.
- Limit enrollment to no more than 18 hours per semester.
- Have a successful completion rate at the College. Dual enrollment students are limited to one withdrawal per college course and a maximum of two withdrawals from all dual enrollment classes. Exceptions may be granted by mutual agreement between the District and the College.

COURSE INFORMATION: Courses available to dual credit students consist of:

- Standard college credit courses of three or more semester hours, exclusive of college preparatory and physical education courses that emphasize physical activities. A list of the state approved college courses for dual enrollment can be found online at www.nwfc.org under Dual Enrollment in the Advising Manuals.
- Dual students must have the approval of the college Director of Dual Enrollment in order to enroll in online courses.
- Students will obtain their mid-term and final grades via the College website at www.nwfc.edu under RaiderNet.

REGISTRATION/ADVISING INFORMATION:

- Web registration is not available for dual enrollment students. Dual enrollment students must register in person during the advertised dual enrollment registration dates. Students are not allowed to **retake** courses as a Dual Enrollment student.
- Dual enrollment students are not permitted to withdraw unless agreed upon by the District and the College. All changes to class selection must be approved by the District and the College. The College strongly encourages all students, including dual enrollment students, to meet with a College Advisor to explore educational goals, develop a program plan, and discuss transfer requirements and common prerequisite courses.
